In April 2008, VAN HAM Art Publications published the catalogue raisonné of paintings of the expressionist Karl Hofer (1878-1955). The three volumes with 2,900 paintings were compiled by Karl Bernhard Wohlert.

Karl Hofer's oeuvre spans a creative period of around 57 years and falls into the period from 1898 to 1955, i.e. the extremely exciting and tense period of transition from Art Nouveau to Classical Modernism. A part of Karl Hofer's estate has been managed by VAN HAM Art Estate since 2007.
