Binding: Hardcover.
Extent: 140 pages, approx. 109 colour illustrations and approx. 17 b/w illustrations.

Errors that determined what was said and written about the great Norwegian over the years and decades. They started with a wrong title for the world-famous work. It is not called "The Scream" at all! And they ended with the ignorance and dismissal of one version of the painting of the Screaming through Nature - perhaps the most important one. It is to be found on its back - and was simply passed over.
